

## Rockcliffe CE School Sports Premium 2016 – 2017

Rockcliffe CE School has received £8475 for Sports Premium Funding for the year. This is being spent in the following way.

1. To increase the amount of physical activity offered each day. The school has employed a Midday Sports Leader who ensures that sporting activities are offered on the MUGA each day. These are different sports and each child from Year 2 upwards is able to access an extra 30 minutes of physical activity per day.  
**Cost £3074**
2. To ensure that all child from Year 3 meet the national minimum standard for swimming. In addition to the usual spend on swimming we have offered swimming all year to children from Year 1 to Year 5. Those children who cannot swim to the required standard in KS2 have also had a further term of swimming to help them meet the standard.  
**Cost £480 per term (Two additional terms is £960)**
3. PE Coaching. We have continued to buy in a Sports Coach for all classes for one hour per week. Staff are also using this as ongoing CPD as they learn how to teach a variety of sports. Trinity School also provide Spiorts Coaching for a Class each week as part of the Swimming contract.  
**Cost £3740**
4. Skiing. Children in Year Six were given the chance to develop skills in a new area, in this case skiing. This saw them travel to Edinburgh for a full days tuition.  
**Cost £750**
5. Gymnastics Coaching. Further support has been sought to develop coaching by buying in further support.  
**Cost £250**
6. Equipment. A small amount of money has been used to buy equipment to support quality PE.  
**Cost £250**

Total Spend for 2016/2017 is expected to be £9024 excluding transport cost for swimming and one terms swimming cost. These costs and the balance of £549 will be met from the schools delegated budget.
